

The Pursuit of Personal Excellence

a Seminar with Brian Willis

Dare to Soar: The Pursuit of Personal Excellence -

Dare to Soar is about breaking free from victim (Ostrich) thinking and actively engaging in the pursuit of excellence in our lives.

Emotional Winning: Strategies for Dealing With Today's Demanding World -

Negative attitudes from the workplace often carry over into people's personal lives and have a direct impact on their family, their health and the overall quality of their lives. The presentation will focus on ways to prevent cynicism from becoming pervasive and explore strategies for maintaining a healthy balance in people's personal and professional lives.

Your Life is Your Legacy:

Your Life is Your Legacy is a dynamic and insightful presentation that explores the concept of a Legacy as something we build every day that we live rather than something we leave behind when we die.
